Digital And Social Media Marketing Internship

About Tinkerix

Tinkerix is a well-funded startup by IIT Bombay Alumni (CS' 96). The co-founders have more than 30 years of tech and business experience in companies like Microsoft and JP Morgan.

At Tinkerix, we take the average Indian's problems very seriously. We are a young company that wants to help take away the problems that you face in your daily life. We want to use new technology to make life simple. So you have more time for your life! Our first product is a mobile bill management app called CellFish. It manages your mobile spend efficiently and reduces your total cost of mobile use. And the best of all? It does this silently. CellFish is a miser. Our mobile app reduces monthly costs up to 50%. It will spend as little as necessary so you have a smooth mobile use experience. It is relevant to over 300 million smartphone users.

CellFish app is in stealth mode. To know more about the app, follow the steps below.

1. Go to <https://groups.google.com/forum/#!forum/CFclosedBeta> login with your PlayStore googleID and then click on the JOIN button on the page
2. Then come back here and click on this link to download the app: <https://cellfish.test-app.link/it7iKqLXdC>
